

Newton's Laws: as explained by Paul Anderson of Bozeman Science bozemanscience.com

Skim the questions below to get an idea of what to listen for in the video. We will view the video again and discuss as you make your notes on this handout.

Suggest a real life situation in which an understanding of Newton's 3 laws of motion might be useful to you.

Who was Newton? What were some of his accomplishments?

List Newton's 3 laws of motion and briefly describe each.

1st Law:

2nd Law:

3rd Law
